

**Chase Rings, Not Volume**

A close-up photograph of a dark, textured keypad. The keypad features several buttons with numbers. A large, square button in the foreground is illuminated with a bright yellow glow, displaying the number '13'. To the left of this button, a vertical column of smaller buttons is visible, with the numbers 7, 5, and 4 clearly legible. The background is a dark, textured surface, possibly a metal or plastic keypad cover, with a slight gradient of light from the glowing button.

**JUST WIN.**
